

785 million people globally don't have access to safe water. Drinking dirty water makes people ill. That's just part of the picture... A lack of safe water and sanitation holds back development and makes it harder for communities to escape the poverty trap.

# Year 8 'Just a drop' Campaign

Over the course of the year, Year 8 students will raise funds for our partnered charity. This can be done in a number of ways. For example, a line of change and badge selling.
