

They offer Pupil a careers in health workshop to check out medical careers. It outlines dozens of different career paths as well as salaries and training routes.

The workshop offers a range of activities such as students taking blood from a fake arms, record their own ECG, try key hole surgery, see inside their body with an ultrasound machine, take a picture of the inside of their eye and much more.

Every student gets a their own medical observation sheet to fill in during the workshop as well as a print out of their ECG.

Year 9 - Medical Mavericks

Pupils can also find out about a range of NHS careers like nursing. They also focus on the lesser known careers such as biomedical science, healthcare science, medical engineering, medical physics, physiology, bioinformatics and many more.
